8th Quadrennial Review of Military Compensation Publications

The 8th Quadrennial Review of Military Compensation published five volumes. The primary volume contains the Executive Summary and the Executive Report. The Main Report comprises three volumes that expand upon the topics in the Executive Report and includes examples showing how the recommendations can be applied in the uniformed services. The final volume contains internal working papers that are the background for some conclusions and recommendations; they contain information not discussed in the other volumes. Shown below are the names and DTIC and NTIS numbers for each volume:
